

## List of the Freshwater Bivalve species of North Carolina - printed 2026-03-04

This is a listing of the bivalve mollusk species that have been documented or reported to occur in the freshwater systems of the state. Because bivalves can be very difficult to identify to genus and to species, and because there are a number of historical (often over 100 years ago) and poorly documented reports of many species, it is impossible to state the number of freshwater bivalve species that have been documented in the state.

The scientific and common names used in this list are from Williams et al. (2017) for the taxa in the family Unionidae, and from NatureServe Explorer for the taxa in Corbiculidae and Sphaeriidae. The list also includes the State Rank, Global Rank, State Status, and U.S. Status (if it has such statuses) for each species. The ranks are those of the Biotics database of the N. C. Natural Heritage Program and NatureServe, October 2016. Ranks in parentheses are provided by the N.C. Biodiversity Project, based on data in Williams et al. (2017). Status information is given on Page 3.

<b>Unionidae: Freshwater Mussels [54]</b>		[Rank: State Global]	[Status: State US]	Range (by river basins)
1	<i>Alasmidonta heterodon</i> .....	Dwarf Wedgemussel .....	[S1 G2?] [E E]	NS, TP
2	<i>Alasmidonta raveneliana</i> .....	Appalachian Elktoe .....	[S1 G1] [E E]	FB, LT
3	<i>Alasmidonta undulata</i> .....	Triangle Floater .....	[S3 G4] [T]	CF, CH, NS, RO, TP, YP
4	<i>Alasmidonta uwharriensis</i> .....	Uwharrie Elktoe .....	[S1S2 G1?] [SR]	YP; formerly <i>Alasmidonta</i> sp. 2
5	<i>Alasmidonta varicosa</i> .....	Brook Floater .....	[S3 G3] [E]	CA, CF, NS, YP
6	<i>Alasmidonta viridis</i> .....	Slippershell Mussel .....	[S1 G4G5] [E]	FB, LT
7	<i>Atlanticoncha ochracea</i> .....	Tidewater Mucket .....	[S2 G3G4] [T]	CH, LU (WC), RO, TP; formerly <i>Leptodea ochracea</i>
8	<i>Cambarunio iris</i> .....	Rainbow .....	[S2 G4G5] [T]	FB, HI, LT; formerly <i>Villosa iris</i>
9	<i>Cyclonaias tuberculata</i> .....	Purple Wartyback .....	[S1 G5] [E]	NW
10	<i>Elliptio angustata</i> .....	Carolina Lance .....	[S4 G4]	BR, CA, CF, LU (WC), RO, YP
11	<i>Elliptio cistellaeformis</i> .....	Box Spike .....	[SU G4] [W]	CA, CF, LU, NS, RO, TP, YP
12	<i>Elliptio complanata</i> .....	Eastern Elliptio .....	[S4S5 G5]	BR, CH, CF, LU, NS, RO, TP, YP
13	<i>Elliptio congaraea</i> .....	Carolina Slabshell .....	[S3 G3] [W]	CF, NS, WO, YP
14	<i>Elliptio fisheriana</i> .....	Northern Lance .....	[S3 G4] [SR]	CH, LU, NS, RO, TP
15	<i>Elliptio folliculata</i> .....	Pod Lance .....	[S2 G2G3] [SC]	CF, LU (WC), YP
16	<i>Elliptio icterina</i> .....	Variable Spike .....	[S4 G5Q]	BR, CA, CF, NS, RO, TP, YP
17	<i>Elliptio lanceolata</i> .....	Yellow Lance .....	[S2 G2] [T T]	NS, TP
18	<i>Elliptio marsupiobesa</i> .....	Cape Fear Spike .....	[S2 G3Q] [SC]	CF, NS
19	<i>Elliptio producta</i> .....	Atlantic Spike .....	[SU G3Q] [W]	CA, CF, CH, LU, NS, RO, TP, YP
20	<i>Elliptio roanokensis</i> .....	Roanoke Slabshell .....	[S3 G3] [SC]	CF, LU, NS, RO, TP, WO, YP; includes <i>E. judithae</i>
21	<i>Elliptio</i> sp. 2 .....	File Spike .....	[SU GUQ] [W]	LU (WC)
22	<i>Euryنيا dilatata</i> .....	Spike .....	[S2 G5] [SC]	FB, HI, LT, NW; formerly <i>Elliptio dilatata</i>
23	<i>Fusconaia masoni</i> .....	Atlantic Pigtoe .....	[S3 G1] [T T]	CA, CF, NS, TP, RO, YP
24	<i>Fusconaia subrotunda</i> .....	Longsolid .....	[S1 G3] [E T]	FB, HI, LT
25	<i>Lampsilis cariosa</i> .....	Yellow Lampmussel .....	[S3 G3G4] [E]	CF, CH, LU (WC), NS, TP, YP
26	<i>Lampsilis fasciola</i> .....	Wavyrayed Lampmussel .....	[S2 G5] [SC]	FB, HI, LT
27	<i>Lampsilis radiata</i> .....	Eastern Lampmussel .....	[S3 G5] [T]	CF, CH, NS, RO, TP, YP
28	<i>Lampsilis</i> sp. 2 .....	Chameleon Lampmussel .....	[S2 G2] [SR]	CF, NS, TP, YP
29	<i>Lampsilis</i> sp. 3 .....	a bivalve (Deep River system) ....	[S1? GU] [W]	CF
30	<i>Lampsilis splendida</i> .....	Rayed Pink Fatmucket .....	[S1 G3] [SR]	LU (WC), YP
31	<i>Lasmigona decorata</i> .....	Carolina Heelsplitter .....	[S1 G1] [E E]	CA, YP
32	<i>Lasmigona holstonia</i> .....	Tennessee Heelsplitter .....	[SH G3] [E]	HI; last record listed as "1882-Pre" by NC NHP
33	<i>Lasmigona subviridis</i> .....	Green Floater .....	[S2 G2G3] [E PT]	NS, NW, RO, TP, WA, YP
34	<i>Leaunio vanuxemensis</i> .....	Mountain Creekshell .....	[S1? G4] [T]	HI; formerly <i>Villosa vanuxemensis</i>
35	<i>Ligodonta obscura</i> .....	Solstice Creekmussel .....	[S1 GNR]	YP; endemic to the Yadkin-Pee Dee
36	<i>Parvaspina collina</i> .....	James Spiny mussel .....	[S1 G1] [E E]	RO; formerly <i>Pleurobema collina</i>
37	<i>Parvaspina steinstansana</i> .....	Tar River Spiny mussel .....	[S1 G1] [E E]	NS, TP; formerly <i>Elliptio steinstansana</i>
38	<i>Pegias fabula</i> .....	Littlewing Pearly mussel .....	[S1 G1] [E E]	HI, LT
39	<i>Pleurobema oviforme</i> .....	Tennessee Clubshell .....	[S1 G2G3] [E PE]	FB, HI, LT
40	<i>Pleurobema barnesiana</i> .....	Tennessee Pigtoe .....	[S1 G2G3] [E PE]	HI, LT; formerly <i>Fusconaia barnesiana</i>
41	<i>Potamilus alatus</i> .....	Pink Heelsplitter .....	[S1 G5] [SC]	FB
42	<i>Pyganodon cataracta</i> .....	Eastern Floater .....	[S5 G5]	BR, CA, CF, CH, NS, PA, RO, TP, YP
43	<i>Pyganodon grandis</i> .....	Giant Floater .....	[SE G5]	FB; not native
44	<i>Sagittunio nasutus</i> .....	Eastern Pondmussel .....	[S2 G3] [T]	CF, CH, NS, RO, TP, YP; formerly <i>Ligumia nasuta</i>
45	<i>Sagittunio vaughanianus</i> .....	Carolina Creekshell .....	[S3 G2G3] [E]	CA, CF, YP; formerly <i>Villosa vaughaniana</i>
46	<i>Strophitus undulatus</i> .....	Creepers .....	[S3 G5] [T]	BR, CA, CF, FB, NS, TP, RO, YP
47	<i>Toxolasma pullus</i> .....	Savannah Lilliput .....	[S2 G2] [E]	CF, LU (WC), YP
48	<i>Unio merus carolinianus</i> .....	Eastern Pondhorn .....	[SU G4]	CA, CF, LU, NS, RO, TP, YP
49	<i>Utterbackia imbecillis</i> .....	Paper Pondshell .....	[S5 G5]	BR, CA, CF, CH, NS, PA, RO, TP, YP

**Unionidae: Freshwater Mussels [54]**

50	<i>Utterbackiana couperiana</i>	Barrel Floater	[S1 G4]	[E]	CF; formerly <i>Anodonta couperiana</i>
51	<i>Utterbackiana implicata</i>	Alewite Floater	[S2 G5]	[T]	CF, CH, RO, YP; formerly <i>Anodonta implicata</i>
52	<i>Venustaconcha constricta</i>	Notched Rainbow	[S3 G3]	[T]	CA, CF, CH, NS, RO, TP, YP; formerly <i>Villosa constricta</i>
53	<i>Venustaconcha trabalis</i>	Cumberland Bean	[SH G1]	[SR E]	HI; last seen in 2003; formerly <i>Villosa trabalis</i>
54	<i>Villosa delumbis</i>	Eastern Creekshell	[S4 G4]	[E]	CA, CF, LU (WC), YP

**Corbiculidae: Basket Clams [1]**

55	<i>Corbicula fluminea</i>	Asiatic Clam	[SE G5]		All drainages; not native
----	---------------------------	--------------	---------	--	---------------------------

**Sphaeriidae: Fingernail Clams [15]**

56	<i>Eupera cubensis</i>	Mottled Fingernailclam	[S3? G5]		NS, TP
57	<i>Sphaerium lacustre</i>	Lake Fingernailclam	[SU G5]		CF
58	<i>Sphaerium partumeium</i>	Swamp Fingernailclam	[S5 G5]		CF, CH, LU, NS, PA, RO, TP, YP
59	<i>Sphaerium securis</i>	Pond Fingernailclam	[SU G5]		CF, LU, NS, PA, RO, TP, WO, YP
60	<i>Sphaerium transversum</i>	Long Fingernailclam	[S5 G5]		CF, NS, PA, TP, YP
61	<i>Pisidium adamsi</i>	Adam Peaclam	[S5 G5]		CF, CH, NS, PA, RO, TP, WO, YP
62	<i>Pisidium casertanum</i>	Ubiquitous Peaclam	[S5 G5]		CF, CH, NS, PA, RO, WA, WO
63	<i>Pisidium compressum</i>	Ridgedbeak Peaclam	[S5 G5]		CH, NS, PA, RO
64	<i>Pisidium dubium</i>	Greater Eastern Peaclam	[S5 G5]		CH, HI, LU (WC), NW, LT, YP
65	<i>Pisidium ferrugineum</i>	Rusty Peaclam	[SU G5]		LT
66	<i>Pisidium variabile</i>	Triangular Peaclam	[S3? G5]		CF, CH, NS, PA, RO
67	<i>Sphaerium fabale</i>	River Fingernailclam	[SU G5]		CF
68	<i>Sphaerium occidentale</i>	Herrington Fingernailclam	[S5 G5]		CF, TP, YP
69	<i>Sphaerium simile</i>	Grooved Fingernailclam	[SU G5]	[W]	CF, NS, TP, WO, YP
70	<i>Sphaerium striatinum</i>	Striated Fingernailclam	[S5 G5]		CA, CF, CH, LU (WC), NS, TP, YP

**Species reported without documentation, reported falsely, or of uncertain or dubious taxonomy**

<i>Actinonaias pectorosa</i>	Pheasantshell	[SX G4]	[EX]	WA
<i>Alasmidonta robusta</i>	Carolina Elktoe	[SX GHQ]		CA
<i>Alasmidonta sp. 1</i>	a bivalve (Upper Yadkin region)	[SU GXQ]		YP
<i>Cyclonaias pustulosa</i>	Pimpleback	[SX G5]	[EX]	Reported historically for the mountains, but no location known; formerly <i>Quadrula pustulosa</i>
<i>Elliptio judithae</i>	Plicate Spike	[SYN GNA]		Considered to be part of <i>E. roanokensis</i>
<i>Elliptio waccamawensis</i>	Waccamaw Spike	[S1 (GNA)]	[T]	LU (WC); now considered to be part of <i>E. congaraea</i>
<i>Elliptio sp. 4</i>	a bivalve (Deep River system)	[SU GUQ]		CF
<i>Epioblasma capsaeiformis</i>	Oyster Mussel	[SRF G1]	[EX]	Reported from the state by Ortmann (1918), but likely never known from the state. "The apparent species involved was <i>E. florentina walkeri</i> " (NC NHP).
<i>Epioblasma florentina</i>	Yellow Blossom	[(SRF) G1]		Not in NC; the former <i>E. florentina walkeri</i> was reported from NC, but that taxon has been elevated to full species
<i>Epioblasma walkeri</i>	Tan Riffleshell	[SX G1]	[E E]	FB; elevated to full species by Williams et al. (2017)
<i>Fusconaia flava</i>	Wabash Pigtoe	[SX G5]	[EX]	WA
<i>Lampsilis fullerkeri</i>	Waccamaw Fatmucket	[S1 (GNA)]	[T]	LU (WC); now considered to be part of <i>L. radiata</i>
<i>[Lampsilis radiata conspicua]</i>	Carolina Fatmucket	[S1? (G5TNA)]	[T]	NS, YP; subspecies no longer recognized
<i>[Lampsilis radiata radiata]</i>	Eastern Lampmussel	[S1S2 (G5TNA)]	[T]	CF, CH, NS, RO, TP, YP; subspecies no longer recognized
<i>Medionidus conradicus</i>	Cumberland Moccasinshell	[SX G3G4]	[EX]	FB
<i>Pleuronaia dolabelloides</i>	Slabside Pearlymussel	[SX G2]		FB?, HI?, LT?; formerly known as <i>Lexingtonia dolabelloides</i> (see Bogan 2002)
<i>Ptychobranhus fasciolaris</i>	Kidneyshell	[SX G4G5]	[EX]	FB
<i>Toxolasma lividum</i>	Purple Lilliput	[SX G3]	[EX]	FB; <i>Toxolasma lividus</i> on WRC list
<i>Tritogonia verrucosa</i>	Pistolgrip	[SX G4G5]	[EX]	NW
<i>Villosa nebulosa</i>	Alabama Rainbow	[SRF G3]		Reported falsely from the state, due to taxonomic confusion with <i>V. iris</i>
<i>Villosa vibex</i>	Southern Rainbow	[SR G5Q]		Reported by Johnson (1970) from the Waccamaw and lower Cape Fear river drainages, but no surveys from these areas after this report have found or verified the species

**State Rank:**

S1 = Critically imperiled in the state  
S2 = Imperiled in the state  
S3 = Rare or uncommon in the state  
S4 = Apparently secure in the state  
S5 = Demonstrably secure in the state  
SU = Unrankable due to lack of information about status and trends  
SH = Of historical occurrence, with some expectation that it may be rediscovered  
SX = Believed to be extirpated from the state  
SE = Exotic/Introduced, presumed not native to the state  
SR = Reported from the state, but without persuasive documentation  
SRF = Reported falsely from the state  
SYN = Synonym; considered to be another species/taxon

**Global Rank:** Global ranks are similar to state ranks except "in the state" is replaced by "globally". Additional global ranks are

T = global rank of the subspecies/taxon  
Q = questionable taxonomic assignment  
NA = Not applicable (such as not a valid species)

**State Status: (E, T, SC, and EX are legal designations of the N.C. Wildlife Resources Commission; SR and W are non-legal designations by the N.C. Natural Heritage Program)**

E = Endangered  
T = Threatened  
SC = Special Concern  
EX = Extirpated  
SR = Significantly Rare  
W = Watch List

**U.S. Status: (assigned by the U.S. Fish & Wildlife Service; E and T are legal designations)**

E = Endangered  
T = Threatened  
PE = Proposed Endangered  
PT = Proposed Threatened  
FSC = Federal Species of Concern

# River Basins of North Carolina

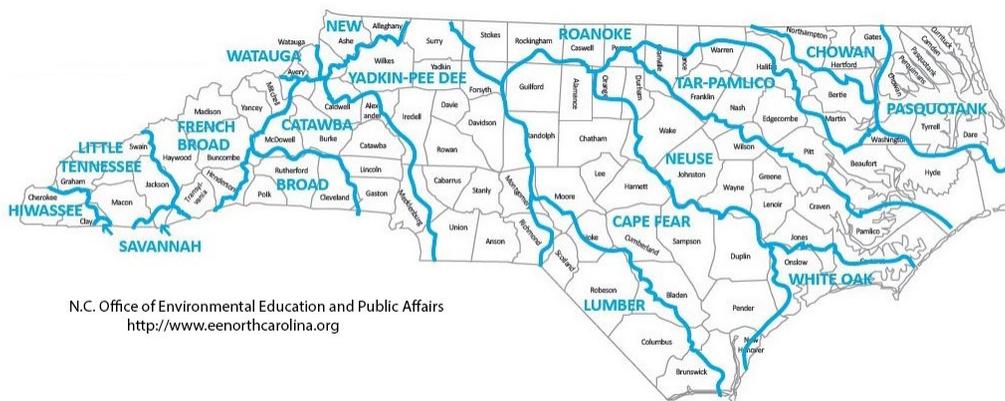

Tennessee basins/drainages: New, Watauga, French Broad, Little Tennessee, and Hiwassee

Atlantic basins/drainages: all other river basins.

The Waccamaw sub-basin of the Lumber Basin is the portion of the basin that includes Brunswick County, nearly all of Columbus County (except the western portion near Robeson County), and extreme southern Bladen County.

## River Basin Codes:

- BR = Broad
- CA = Catawba
- CF = Cape Fear
- CH = Chowan
- FB = French Broad
- HI = Hiwassee
- LT = Little Tennessee
- LU = Lumber (includes Waccamaw sub-basin)
- LU (WC) = Waccamaw sub-basin only
- NS = Neuse
- NW = New
- PA = Pasquotank
- RO = Roanoke
- SA = Savannah
- TP = Tar--Pamlico
- WA = Watauga
- WO = White Oak
- YP = Yadkin--Pee Dee
