ID COMMENTS:

DISTRIBUTION: Please refer to the dot map.

FLIGHT COMMENT: Please refer to the flight charts.

HABITAT:

FOOD: According to Wagner (pers. comm. to JBS, 2014), larvae of either *G. smithii* or *G. telma* have been reared on *Styrax*. Based on its association with upland forests, *Styrax grandifolius*, which grows primarily in mesic hardwoods, seems like the most likely choice.

OBSERVATION\_METHODS:

NATURAL HERITAGE PROGRAM RANKS: G4 S3S4

STATE PROTECTION: Has no legal protection, although permits are required to collect it on state parks and other public lands.

COMMENTS:
