

An AMPHIBIAN Checklist for Jones Lake State Park 22 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

22 AMPHIBIAN taxa

PLETHODONTIDAE: [3]

- ___ Four-toed Salamander x - - -
Hemidactylium scutatum
- ___ Atlantic Coast Slimy Salamander x - - x
Plethodon chlorobryonis
- ___ Eastern Mud Salamander - x - -
Pseudotriton montanus montanus

SALAMANDRIDAE: [1]

- ___ Broken-striped Newt x x x x
Notophthalmus viridescens dorsalis

HYLIDAE: [8]

- ___ Cope's Gray Treefrog - x - -
Hyla chrysoscelis
- ___ Green Treefrog - x - -
Hyla cinerea
- ___ Pine Woods Treefrog x x x -
Hyla femoralis
- ___ Barking Treefrog - x x -
Hyla gratiosa
- ___ Brimley's Chorus Frog x - - -
Pseudacris brimleyi
- ___ Striped Southern Chorus Frog x x - -
Pseudacris nigrata nigrata
- ___ Little Grass Frog x - - -
Pseudacris ocularis

MICROHYLIDAE: [1]

- ___ Eastern Narrow-mouthed Toad x x x -
Gastrophryne carolinensis

PELOBATIDAE: [1]

- ___ Eastern Spadefoot x x - -
Scaphiopus holbrookii

BUFONIDAE: [2]

- ___ Oak Toad x x - -
Anaxyrus quercicus
- ___ Southern Toad x x x -
Anaxyrus terrestris

HYLIDAE: [8]

- ___ Coastal Plain (Southern) Cricket Frog x x - -
Acris gryllus
- ___ Spring Peeper x x - x
Pseudacris crucifer

RANIDAE: [4]

- ___ American Bullfrog - x - -
Lithobates catesbeianus

RANIDAE: [4]

- ___ Green Frog x x - -
Lithobates clamitans
- ___ Southern Leopard Frog x x x -
Lithobates sphenoccephalus
- ___ Carpenter Frog x - x x
Lithobates virgatipes

SALAMANDRIDAE: [1]

- ___ Eastern Newt - x - -
Notophthalmus viridescens
