

A REPTILE Checklist for Chimney Rock State Park 24 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

24 REPTILE taxa

EMYDIDAE: [2]

- ___ Eastern River Cooter - x - -
Pseudemys concinna concinna
- ___ Eastern Box Turtle x x x -
Terrapene carolina

TRIONYCHIDAE: [1]

- ___ Gulf Coast Spiny Softshell - x - -
Apalone spinifera aspera

ANOLIDAE: [1]

- ___ Green Anole x x x x
Anolis carolinensis

COLUBRIDAE: [12]

- ___ Central/Eastern Ratsnake Complex x x x -
Pantherophis alleghaniensis-quadrivittatus
- ___ Ring-necked Snake x - - -
Diadophis punctatus
- ___ Eastern Hog-nosed Snake - - x -
Heterodon platirhinos
- ___ Eastern Milksnake - - x -
Lampropeltis triangulum
- ___ Queen Snake x x x -
Regina septemvittata

VIPERIDAE: [2]

- ___ Copperhead x x x -
Agkistrodon contortrix
- ___ Timber Rattlesnake x x x -
Crotalus horridus

COLUBRIDAE: [12]

- ___ Eastern Worm Snake - - x -
Carphophis amoenus
- ___ Northern Black Racer x x - -
Coluber constrictor
- ___ Scarlet Kingsnake x - - -
Lampropeltis elapsoides
- ___ Northern Water Snake x x x -
Nerodia sipedon
- ___ Northern Rough Green Snake - - x -
Opheodrys aestivus
- ___ Corn Snake x x - -
Pantherophis guttatus
- ___ Northern Red-bellied Snake x - - -
Storeria occipitomaculata
- ___ Common Gartersnake x x x -
Thamnophis sirtalis

PHRYNOSOMATIDAE: [1]

- ___ Eastern Fence Lizard x x x -
Sceloporus undulatus

SCINCIDAE: [3]

- ___ Coal Skink - - - -
- ___ Common Five-lined Skink x - - -
Plestiodon fasciatus
- ___ Broad-headed Skink x x - -
Plestiodon laticeps

CHELYDRIDAE: [1]

- ___ Eastern Snapping Turtle - x - -
Chelydra serpentina
