

A REPTILE Checklist for Fort Macon State Park 24 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

24 REPTILE taxa

CHELONIIDAE: [3]

- ___ Loggerhead Sea Turtle x x x x
Caretta caretta
- ___ Green Sea Turtle x x x x
Chelonia mydas
- ___ Kemp's Ridley Sea Turtle x x - -
Lepidochelys kempii

DERMOCHELYIDAE: [1]

- ___ Leatherback Sea Turtle x x - -
Dermochelys coriacea

EMYDIDAE: [4]

- ___ Spotted Turtle - - x -
Clemmys guttata
- ___ Diamondback Terrapin x x x -
Malaclemys terrapin
- ___ Eastern Box Turtle x x x x
Terrapene carolina
- ___ Yellow-bellied Slider x x - -
Trachemys scripta scripta

KINOSTERNIDAE: [1]

- ___ Eastern Mud Turtle x x x -
Kinosternon subrubrum

ALLIGATORIDAE: [1]

- ___ American Alligator - - - -
Alligator mississippiensis

ANGUIDAE: [1]

- ___ Eastern Glass Lizard x x x x
Ophisaurus ventralis

ANOLIDAE: [1]

- ___ Green Anole x x x x
Anolis carolinensis

COLUBRIDAE: [6]

- ___ Central/Eastern Ratsnake Complex - x x -
Pantherophis alleghaniensis-quadrivittatus
- ___ Eastern Hog-nosed Snake - - - -
Heterodon platirhinos

VIPERIDAE: [2]

- ___ Timber Rattlesnake - x - -
Crotalus horridus
- ___ Carolina Pigmy Rattlesnake - - x -
Sistrurus miliarius

COLUBRIDAE: [6]

- ___ Northern Black Racer x x x x
Coluber constrictor

COLUBRIDAE: [6]

- ___ Eastern Kingsnake x - - -
Lampropeltis getula
- ___ Northern Water Snake (historical) x x - -
Nerodia sipedon
- ___ Northern Rough Green Snake x x x -
Opheodrys aestivus
- ___ Corn Snake x x x x
Pantherophis guttatus

SCINCIDAE: [1]

- ___ Southeastern Five-lined Skink x - x -
Plestiodon inexpectatus

TEIIDAE: [1]

- ___ Eastern Six-lined Racerunner x x x -
Aspidoscelis sexlineatus

CHELYDRIDAE: [1]

- ___ Eastern Snapping Turtle x x x x
Chelydra serpentina
