

A REPTILE Checklist for Hanging Rock State Park 29 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

29 REPTILE taxa

EMYDIDAE: [2]

- ___ Eastern Box Turtle x x x -
Terrapene carolina

KINOSTERNIDAE: [1]

- ___ Common Musk Turtle (Stinkpot) x - - -
Sternotherus odoratus

COLUBRIDAE: [16]

- ___ Central/Eastern Ratsnake Complex x x x -
Pantherophis alleghaniensis-quadrivittatus
- ___ Ring-necked Snake x x x -
Diadophis punctatus
- ___ Eastern Hog-nosed Snake x x - -
Heterodon platirhinos
- ___ Queen Snake x x x -
Regina septemvittata
- ___ Brown Snake - x - -
Storeria dekayi
- ___ Southeastern Crowned Snake x x - -
Tantilla coronata

VIPERIDAE: [2]

- ___ Copperhead x x x -
Agkistrodon contortrix
- ___ Timber Rattlesnake x x x -
Crotalus horridus

COLUBRIDAE: [16]

- ___ Smooth Earthsnake x - - -
Virginia valeriae
- ___ Eastern Worm Snake x x x -
Carphophis amoenus
- ___ Northern Scarlet Snake - x - -
Cemophora coccinea
- ___ Northern Black Racer x x x -
Coluber constrictor
- ___ Scarlet Kingsnake x x x x
Lampropeltis elapsoides
- ___ Eastern Kingsnake - - - -
Lampropeltis getula
- ___ Northern Water Snake x x - -
Nerodia sipedon
- ___ Northern Rough Green Snake x x - -
Opheodrys aestivus
- ___ Corn Snake x x x -
Pantherophis guttatus

COLUBRIDAE: [16]

- ___ Northern Red-bellied Snake x x x -
Storeria occipitomaculata
- ___ Common Gartersnake x x x -
Thamnophis sirtalis

PHRYNOSOMATIDAE: [1]

- ___ Eastern Fence Lizard x x x -
Sceloporus undulatus

SCINCIDAE: [3]

- ___ Common Five-lined Skink x x x x
Plestiodon fasciatus
- ___ Southeastern Five-lined Skink - - - -
Plestiodon inexpectatus
- ___ Broad-headed Skink x x - -
Plestiodon laticeps

TEIIDAE: [1]

- ___ Eastern Six-lined Racerunner x - - -
Aspidozelis sexlineatus

CHELYDRIDAE: [1]

- ___ Eastern Snapping Turtle x x - -
Chelydra serpentina

EMYDIDAE: [2]

- ___ Painted Turtle - x - -
Chrysemys picta
- ___ River Cooter x - - -
Pseudemys concinna
