

A REPTILE Checklist for Lake Waccamaw State Park 41 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

41 REPTILE taxa**EMYDIDAE: [6]**

- Spotted Turtle x x - x
Clemmys guttata
- Eastern Chicken Turtle - x x x
Deirochelys reticularia
- Eastern River Cooter x - x -
Pseudemys concinna concinna
- Eastern Box Turtle x x x x
Terrapene carolina
- Yellow-bellied Slider x x x x
Trachemys scripta scripta
- Red-eared Slider - - x -
Trachemys scripta elegans

KINOSTERNIDAE: [3]

- Striped Mud Turtle x x x -
Kinosternon baurii
- Eastern Mud Turtle x - - x
Kinosternon subrubrum
- Common Musk Turtle (Stinkpot) x x x -
Sternotherus odoratus

ALLIGATORIDAE: [1]

- American Alligator x x x x
Alligator mississippiensis

ANGUIDAE: [1]

- Eastern Glass Lizard x x - -
Ophisaurus ventralis

ANOLIDAE: [1]

- Green Anole x x x x
Anolis carolinensis

SCINCIDAE: [3]

- Ground Skink x x x -
Scincella lateralis

COLUBRIDAE: [18]

- Central/Eastern Ratsnake Complex x x x -
Pantherophis alleghaniensis-quadrivittatus
- Ring-necked Snake - x x -
Diadophis punctatus
- Eastern Hog-nosed Snake x x x -
Heterodon platirhinos
- Eastern Coachwhip - x x -
Masticophis flagellum
- Brown Water Snake x x x x
Nerodia taxispilota

COLUBRIDAE: [18]

- Pine Woods Snake x - - -
Rhadinaea flavilata
- VIPERIDAE: [3]**
- Copperhead x x x x
Agkistrodon contortrix
- Timber Rattlesnake x x x -
Crotalus horridus
- Northern Cottonmouth x x x -
Agkistrodon piscivorus

ANGUIDAE: [1]

- Eastern Slender Glass Lizard x - - -
Ophisaurus attenuatus

COLUBRIDAE: [18]

- Eastern Worm Snake x x x -
Carphophis amoenus
- Northern Scarlet Snake x x - -
Cemophora coccinea
- Northern Black Racer x x x x
Coluber constrictor
- Eastern Mud Snake x - x -
Farancia abacura
