

A REPTILE Checklist for Morrow Mountain State Park 38 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

38 REPTILE taxa**EMYDIDAE: [3]**

- ___ Eastern River Cooter x - - x
Pseudemys concinna concinna
- ___ Eastern Box Turtle x x x -
Terrapene carolina
- ___ Yellow-bellied Slider x x x -
Trachemys scripta scripta

KINOSTERNIDAE: [2]

- ___ Eastern Mud Turtle x x - -
Kinosternon subrubrum
- ___ Common Musk Turtle (Stinkpot) x x x -
Sternotherus odoratus

TRIONYCHIDAE: [1]

- ___ Gulf Coast Spiny Softshell - x - -
Apalone spinifera aspera

ANOLIDAE: [1]

- ___ Green Anole x x x x
Anolis carolinensis

SCINCIDAE: [3]

- ___ Ground Skink x x x -
Scincella lateralis

COLUBRIDAE: [18]

- ___ Central/Eastern Ratsnake Complex x x x x
Pantherophis alleghaniensis-quadrivittatus
- ___ Ring-necked Snake - x x -
Diadophis punctatus
- ___ Eastern Hog-nosed Snake x x x -
Heterodon platirhinos
- ___ Brown Water Snake x x x -
Nerodia taxispilota
- ___ Queen Snake - x - -
Regina septemvittata
- ___ Brown Snake x - x -
Storeria dekayi
- ___ Southeastern Crowned Snake - x - -
Tantilla coronata

VIPERIDAE: [2]

- ___ Copperhead x x x -
Agkistrodon contortrix
- ___ Timber Rattlesnake x x x -
Crotalus horridus
