

An AMPHIBIAN Checklist for Lake Norman State Park 15 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

15 AMPHIBIAN taxa**PLETHODONTIDAE: [4]**

___ Southern Dusky Salamander	-	-	x	-
<i>Desmognathus auriculatus</i>				
___ Northern Dusky Salamander	-	-	x	-
<i>Desmognathus fuscus</i>				
___ Three-lined Salamander	x	x	x	-
<i>Eurycea guttolineata</i>				
___ White-spotted Slimy Salamander	x	-	-	x
<i>Plethodon cylindraceus</i>				

HYLIDAE: [3]

___ Cope's Gray Treefrog	x	-	-	-
<i>Hyla chrysoscelis</i>				

BUFONIDAE: [2]

___ Eastern American Toad	x	x	x	-
<i>Anaxyrus americanus</i>				
___ Fowler's Toad	x	x	-	-
<i>Anaxyrus fowleri</i>				

HYLIDAE: [3]

___ Eastern Cricket Frog	x	x	-	-
<i>Acris crepitans</i>				
___ Spring Peeper	x	x	-	-
<i>Pseudacris crucifer</i>				
___ Upland Chorus Frog	x	x	-	-
<i>Pseudacris feriarum</i>				

RANIDAE: [4]

___ American Bullfrog	x	-	x	-
<i>Lithobates catesbeianus</i>				
___ Green Frog	x	x	-	-
<i>Lithobates clamitans</i>				
___ Pickerel Frog	-	x	-	-
<i>Lithobates palustris</i>				
___ Southern Leopard Frog	-	x	-	-
<i>Lithobates sphenoccephalus</i>				

PLETHODONTIDAE: [4]

___ Northern Red Salamander	-	x	-	x
<i>Pseudotriton ruber ruber</i>
