

A REPTILE Checklist for Lake Waccamaw State Park 41 taxa

Herpetology is the branch of zoology dedicated to the study of amphibians (frogs, toads, salamanders, and newts) and of reptiles (snakes, lizards, turtles, and crocodilians). "Herps" are a diverse and interesting group of animals that are important elements in the fabric of life.

Amphibian is derived from the Greek work "amphibios". "Amphi" meaning 'both' and "bio" meaning 'life' - hence leading a double life. Indeed, most amphibians are aquatic as juveniles and breath with gills. After transformation, the adults usually live on land and most have lungs.

Many amphibians are very sensitive to environmental change. Their diversity and abundance can be an indication of an area's ecological health.

In early spring and during the summer listen for the calls of frogs and toads. Salamanders and newts, however, are silent and can be quiet secretive.

Reptiles, unlike amphibians, have dry skin covered with horny scales. Most, with the exception of snakes and legless lizards, have 4 legs with five clawed digits on each foot. While some amphibians retain gills as adults, all reptiles breathe solely by means of lungs.

Look for these cold-blooded animals on warm to hot sunny days when they bask on rocks, logs and tree trunks. Sixty-seven species have been recorded in North Carolina.

41 REPTILE taxa**EMYDIDAE: [6]**

___ Spotted Turtle	x	x	-	x
<i>Clemmys guttata</i>				
___ Eastern Chicken Turtle	-	x	x	x
<i>Deirochelys reticularia</i>				
___ Eastern River Cooter	-	-	x	-
<i>Pseudemys concinna concinna</i>				
___ Eastern Box Turtle	x	x	x	x
<i>Terrapene carolina</i>				
___ Yellow-bellied Slider	x	x	x	x
<i>Trachemys scripta scripta</i>				
___ Red-eared Slider	-	-	x	-
<i>Trachemys scripta elegans</i>				

KINOSTERNIDAE: [3]

___ Striped Mud Turtle	x	x	x	-
<i>Kinosternon baurii</i>				
___ Eastern Mud Turtle	x	-	-	x
<i>Kinosternon subrubrum</i>				
___ Common Musk Turtle (Stinkpot)	x	x	x	-
<i>Sternotherus odoratus</i>				

ALLIGATORIDAE: [1]

___ American Alligator	x	x	x	x
<i>Alligator mississippiensis</i>				

ANGUIDAE: [1]

___ Eastern Glass Lizard	x	x	-	-
<i>Ophisaurus ventralis</i>				

ANOLIDAE: [1]

___ Green Anole	x	x	x	x
<i>Anolis carolinensis</i>				

SCINCIDAE: [3]

___ Ground Skink	x	x	x	-
<i>Scincella lateralis</i>				

COLUBRIDAE: [18]

___ Ring-necked Snake	-	x	x	-
<i>Diadophis punctatus</i>				
___ Eastern Hog-nosed Snake	x	x	x	-
<i>Heterodon platirhinos</i>				
___ Eastern Coachwhip	-	x	x	-
<i>Masticophis flagellum</i>				
___ Brown Water Snake	x	x	x	x
<i>Nerodia taxispilota</i>
