

Leucorrhinia frigida Frosted Whiteface

Earliest date: ?
Latest date: ?

| Status | | Rank | |
|--------|----|------|--------|
| NC | US | NC | Global |
| - | - | SR | G5 |

COMMENTS: A nymph of this species was reported from a Sandhills site (creek), but the normal range is from northern VA northward. The NC Natural Heritage Program thinks this is a misidentification. The species is not listed for NC in any references, nor does Cuyler have any records.
