

Leucorrhinia frigida Frosted Whiteface

Earliest date: ?
Latest date: ?

Status		Rank	
NC	US	NC	Global
-	-	SR	G5

COMMENTS: A nymph of this species was reported from a Sandhills site (creek), but the normal range is from northern VA northward. The NC Natural Heritage Program thinks this is a misidentification. The species is not listed for NC in any references, nor does Cuyler have any records.
